

# A HURRICANE CAN TAKE EVERYTHING.

Hurricane damage can trigger claims on different insurance policies. A wind policy doesn't cover flood damage, and a flood policy doesn't cover wind damage.

Talk to your agent to make sure you're covered.

# INSURANCE CAN HELP YOU GET IT BACK.

After a storm:

**Report** your claims immediately

**Be ready** to pay your deductibles

**Stay involved** in the claims process

Texas Windstorm Insurance Association is a not-for-profit insurance company that ensures Texans have access to windstorm coverage when private-market insurance is unavailable.
