

**REQUEST FOR BIDS (RFB) - ELECTRICAL SERVICES
VALLEY INTERNATIONAL AIRPORT HARLINGEN, TEXAS
MAY 2026**

The City of Harlingen, Valley International Airport (Airport), is seeking qualified, licensed electrical contractors to provide electrical services at Valley International Airport. The selected contractor will perform work in compliance with all applicable aviation, local, state, and federal regulations.

The following minimum requirements must be met in order for a company to provide Electrical Services for the Airport:

- (1) Firm name, address, phone number, and contact person.
- (2) Possess a valid commercial electrician license in the State of Texas.
- (3) Provide proof of appropriate insurance (general liability and workers' compensation).
- (4) Minimum of five (5) years of experience in commercial or airport electrical services.
- (5) Compliance with FAA and TSA safety and security regulations.
- (6) Ability to work in secure and restricted areas.
- (7) Adequate staffing and equipment to service the airport's needs.

The selected electrician contractor/firm will ensure a safe environment throughout the airport facilities/airport leased buildings, in compliance with all applicable federal, state, local, and TSA rules and regulations, including monthly routine inspections and emergency electrical services upon request, detailed service reports after each visit, and reporting of all work in detail.

The contract period is for twelve (12) consecutive months commencing on August 1, 2026, and ending on July 30, 2027, with the option to renew for an additional four (4) years at one (1) year intervals as long as both parties agree in writing under the same terms, conditions, and costs.
